

REQUEST FOR SNOW REMOVAL PROPOSAL Congressional Village Condominium October 15th, 2022 - April 30th, 2023

GENERAL STANDARDS:

The contractor shall be familiar with the project premises and how the existing conditions will affect his or her work during the horticultural service phases of this agreement.

Throughout the term of the Agreement, the contractor shall maintain at his or her sole expense Comprehensive General Liability insurance with a minimum coverage of one million dollars, and automobile liability coverage covering his activities on the project premises. Contractor shall furnish a copy of his/her license with a certificate of insurance listing the association as the additional insured. The contractor shall also maintain at his or her sole expense the applicable statutory required limit of worker's compensation insurance coverage.

Contractor shall also furnish all labor, equipment and materials necessary to complete the maintenance of the areas described above in a professional manner. Maintenance shall consist of plowing, snow blowing, salting, and any other procedures consistent with good snow removal practices necessary to ensure safety in the areas owned by the association.

Upon completion of each storm, contractor shall visit the sites to determine if areas need to be treated to prevent unsafe conditions. Upon that assessment, the contractor shall contact the property manager for direction of the BOD. Additionally, if prevention of icy conditions is needed, contractor shall make a recommendation to the property manager with sufficient time to coordinate pre-treatment.

Scope of Service (Initial Triggers):

- **Roadways:** Dispatch when NOAA Snowfall is expected to be at or over 1"-2". Salt application as necessary.
- **Sidewalks:** Remove the snow from the all sidewalks, after accumulation has reached 1"-2". Calcium and/or Magnesium Chloride (Pet Safe/Concrete safe Ice Melt) application as necessary.
- **Mailboxes & Fire Hydrants:** Remove the snow from the common area mailboxes and fire hydrants, after accumulation has reached 1"-2". Calcium and/or Magnesium Chloride (Pet Safe/Concrete safe Ice Melt) application as necessary.

Follow-Up Services:

- **Roadways:** Additional clearing of snow to continue every additional 2".
- **Sidewalks:** Additional clearing of snow to continue every additional 2".
- **Mailboxes & Fire Hydrants:** Additional clearing of snow to continue every additional 2".

Road Serviced (Plowing):

- Congressional Village Dr, Middletown, DE 19709

Sidewalks Serviced: (Clearing/Shoveling)

- Congressional Village Dr, Middletown, DE 19709
